<p>What is the biggest change you have noticed with art since updating the art curriculum?</p> <p>We now have a more coherent curriculum, which has a clear rationale behind it. There is a clear overview, from which all teachers are planning. This ensures that there is appropriate breadth and balance in the curriculum. Teachers have a clearer direction and with the more detailed short term planning they have more support with planning their lessons. We also now have a more standardized approach to this across school.</p>
